#### INDEPENDENT AUDITOR'S REPORT

Board of Directors Harris County Municipal Utility District No. 383 Harris County, Texas

#### **Opinions**

We have audited the accompanying financial statements of the governmental activities and each major fund of Harris County Municipal Utility District No. 383 (the "District") as of and for the year ended March 31, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of March 31, 2024, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Schedule of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual - General Fund and Special Revenue Funds be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Board of Directors Harris County Municipal Utility District No. 383

#### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information required by the Texas Commission on Environmental Quality as published in the Water District Financial Management Guide is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The supplementary information, excluding that portion marked "Unaudited" on which we express no opinion or provide an assurance, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

August 7, 2024

Management's discussion and analysis of Harris County Municipal Utility District No. 383's (the "District") financial performance provides an overview of the District's financial activities for the year ended March 31, 2024. Please read it in conjunction with the District's financial statements.

#### **USING THIS ANNUAL REPORT**

This annual report consists of a series of financial statements. The basic financial statements include: (1) combined fund financial statements and government-wide financial statements and (2) notes to the financial statements. The combined fund financial statements and government-wide financial statements combine both: (1) the Statement of Net Position and Governmental Funds Balance Sheet and (2) the Statement of Activities and Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances. This report also includes other supplementary information in addition to the basic financial statements.

#### GOVERNMENT-WIDE FINANCIAL STATEMENTS

The District's financial report includes two financial statements combining the government-wide financial statements and the fund financial statements. The government-wide financial statements provide both long-term and short-term information about the District's overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The Statement of Net Position includes all of the District's assets, deferred outflows of resources and liabilities, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District as a whole is improving or deteriorating. Evaluation of the overall health of the District would extend to other non-financial factors.

The Statement of Activities reports how the District's net position changed during the current year. All current year revenues and expenses are included regardless of when cash is received or paid.

#### **FUND FINANCIAL STATEMENTS**

The combined statements also include fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District has four governmental fund types. The General Fund accounts for resources not accounted for in another fund, customer service revenues, costs and general expenditures. The District has two Special Revenue Funds. One Special Revenue Fund accounts for the water plants jointly owned by the District and Harris County Municipal Utility District No. 367. The other Special Revenue Fund accounts for the operations of a jointly owned wastewater treatment plant with Harris County Municipal Utility District No. 367. The Debt

#### **FUND FINANCIAL STATEMENTS** (Continued)

Service Fund accounts for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes.

Governmental funds are reported in each of the financial statements. The focus in the fund statements provides a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of the District and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. The adjustments columns, the Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position and the Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities explain the differences between the two presentations and assist in understanding the differences between these two perspectives.

#### NOTES TO THE FINANCIAL STATEMENTS

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements.

#### OTHER INFORMATION

In addition to the financial statements and accompanying notes, this report also presents certain required supplementary information ("RSI") and other supplementary information. Budgetary comparison schedules are included as RSI for the General Fund and each Special Revenue Fund.

#### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

Net position may serve over time as a useful indicator of the District's financial position. In the case of the District, assets and deferred outflows of resources exceeded liabilities by \$12,947,194 as of March 31, 2024.

A portion of the District's net position reflects its net investment in capital assets (water, wastewater and drainage facilities less any debt used to acquire those assets that is still outstanding). The District uses these assets to provide water and wastewater services.

The following is a comparative analysis of government-wide changes in net position:

# **GOVERNMENT-WIDE FINANCIAL ANALYSIS** (Continued)

Net Position, End of Year	\$	12,947,194	\$	9,518,614	\$	3,428,580

#### FINANCIAL ANALYSIS OF THE DISTRICT'S GOVERNMENTAL FUNDS

The District's combined fund balances as of March 31, 2024, were \$14,412,516, an increase of \$1,358,580 from the prior fiscal year.

The General Fund fund balance increased by \$1,664,015, primarily due to service revenues exceeding current year operating and capital costs.

The Debt Service Fund fund balance decreased by \$305,435, primarily due to the structure of the District's debt service requirements.

The Special Revenue Funds of the District are revenue neutral. Costs incurred are billed to the respective participants on a monthly basis.

#### GENERAL FUND BUDGETARY HIGHLIGHTS

The Board of Directors adopted an unappropriated budget for the current fiscal year. Actual revenues were \$460,605 more than budgeted revenues. Actual expenditures were \$1,002,338 less than budgeted expenditures. This resulted in a positive budget variance of \$1,462,943. See the budget to actual comparison on page 39 for further information.

#### **CAPITAL ASSETS**

Capital assets as of March 31, 2024, total \$29,021,462 (net accumulated depreciation) and include land, as well as the water, wastewater and drainage systems. Capital asset activity completed during the current year included the water well no. 2 repairs and water plant no. 3 improvements.

### **CAPITAL ASSETS** (Continued)

Capital Assets At Year-End, Net of Accumulated Depreciation

					Change Positive
	2024	2023		(Negative)	
Capital Assets Not Being Depreciated:					
Land and Land Improvements	\$ 2,485,789	\$	2,485,789	\$	
Construction in Progress	839,575		125,677		713,898
Capital Assets, Net of Accumulated					
Depreciation:					
Greenbelt Fence	849,765		1,125,030		(275,265)
Water System	6,305,025		6,376,115		(71,090)
Wastewater System	11,484,664		11,803,876		(319,212)
Drainage System	 7,056,644		7,309,809		(253,165)
Total Net Capital Assets	\$ 29,021,462	\$	29,226,296	\$	(204,834)

Additional information on the District's capital assets can be found in Note 6 of this report.

#### LONG-TERM DEBT ACTIVITY

At the end of the current year, the District had total bond debt payable of \$30,640,000. The changes in the debt position of the District during the year ended March 31, 2024, are summarized as follows:

Bond Debt Payable, April 1, 2023	\$ 32,790,000
Less: Bond Principal Paid	 2,150,000
Bond Debt Payable, March 31, 2024	\$ 30,640,000

The District's Series 2014 Refunding bonds carry an underlying rating of "A+" from S&P. The District's Series 2014A, Series 2015, Series 2015A Park, Series 2016 Refunding, 2016A Refunding, Series 2018, Series 2019, Series 2019A Refunding and Series 2020 Refunding bonds carry an underlying rating of "A2" by Moody's. The Series 2014 Refunding and Series 2020 Refunding bonds carry an insured rating of "AA" by virtue of bond insurance issued by Assured Guaranty Municipal Corp. The Series 2014A, Series 2015, Series 2015A Park, Series 2016 Refunding, Series 2016A Refunding, Series 2018, Series 2019 and Series 2019A Refunding bonds carry an insured rating of "AA" by virtue of bond insurance issued by Build America Mutual Assurance Company. Credit enhanced ratings provided through bond insurance policies are subject to change based on the rating of the bond insurance company. The above ratings are as of March 31, 2024 and reflect all rating changes through the year then ended.

#### CONTACTING THE DISTRICT'S MANAGEMENT

This financial report is designed to provide a general overview of the District's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to Harris County Municipal Utility District No. 383, c/o Allen Boone Humphries Robinson LLP, 3200 Southwest Freeway, Suite 2600, Houston, TX 77027.

# HARRIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 383 RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED MARCH 31, 2024

Net Change in Fund Balances - Governmental Funds	\$ 1,358,580
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report tax revenues when collected. However, in the Statement of Activities, revenue is recorded in the accounting period for which the taxes are levied.	86,641
Governmental funds report penalty and interest revenue on property taxes when collected. However, in the Statement of Activities, revenue is recorded when penalties and interest are assessed.	15,936
Governmental funds do not account for depreciation. However, in the Statement of Net Position, capital assets are depreciated and depreciation expense is recorded in the Statement of Activities.	(1,284,259)
Governmental funds report capital expenditures as expenditures in the period purchased. However, in the Statement of Net Position, capital assets are increased by new purchases and the Statement of Activities is not affected.	1,079,425
Governmental funds report bond principal payments as expenditures. However, in the Statement of Net Position, bond principal payments are reported as decreases in long-term liabilities.	2,150,000
Governmental funds report interest expenditures on long-term debt as expenditures in the year paid. However, in the Statement of Net Position, interest is accrued on the long-term debt through fiscal year-end.	22,257
Change in Net Position - Governmental Activities	\$ 3,428,580

### NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 2024

#### NOTE 1. CREATION OF DISTRICT

Harris County Municipal Utility District No. 383 (the "District") was created effective April 2, 2002, by an Order of the Texas Commission on Environmental Quality (the "Commission"). Pursuant to the provisions of Chapters 49 and 54 of the Texas Water Code, the District is empowered to purchase, operate and maintain all facilities, plants and improvements necessary to provide water, sanitary sewer service, storm sewer drainage, irrigation, solid waste collection and disposal, including recycling, and to construct parks and recreational facilities for the residents of the District. The District is also empowered to contract for or employ its own peace officers with powers to make arrests and to establish, operate and maintain a fire department to perform all fire-fighting activities within the District. The Board of Directors held its first meeting on April 3, 2002, and the first bonds were sold on April 20, 2004.

#### NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

The accompanying basic financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board ("GASB"). In addition, the accounting records of the District are maintained generally in accordance with the *Water District Financial Management Guide* published by the Commission.

The District is a political subdivision of the State of Texas governed by an elected board. GASB has established the criteria for determining whether or not an entity is a primary government or a component unit of a primary government. The primary criteria are that it has a separately elected governing body, it is legally separate, and it is fiscally independent of other state and local governments. Under these criteria, the District is considered a primary government and is not a component unit of any other government. Additionally, no other entities meet the criteria for inclusion in the District's financial statement as component units.

The District has entered into an agreement with Harris County Municipal Utility District No. 367 for water service through three joint water plants. The District has oversight over the water plants. Additional disclosure concerning this agreement is provided in Note 8.

The District has entered into an agreement with Harris County Municipal Utility District No. 367 for wastewater disposal through a regional wastewater treatment plant (the "Plant"). The District has oversight responsibility over the Plant. Additional disclosure concerning this agreement is provided in Note 9.

#### Financial Statement Presentation

These financial statements have been prepared in accordance with GASB Codification of Governmental Accounting and Financial Reporting Standards Part II, Financial Reporting ("GASB Codification").

# NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 2024

#### **NOTE 2. SIGNIFICANT ACCOUNTING POLICIES** (Continued)

#### <u>Financial Statement Presentation</u> (Continued)

The GASB Codification sets forth standards for external financial reporting for all state and local government entities, which include a requirement for a Statement of Net Position and a Statement of Activities. It requires the classification of net position into three components: Net Investment in Capital Assets; Restricted; and Unrestricted. These classifications are defined as follows:

- \* Net Investment in Capital Assets This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
- \* Restricted Net Position This component of net position consists of external constraints placed on the use of assets imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulation of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- \* Unrestricted Net Position This component of net position consists of assets that do not meet the definition of Restricted or Net Investment in Capital Assets.

When both restricted and unrestricted resources are available for use, generally it is the District's policy to use restricted resources first.

#### Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the District as a whole. The District's Statement of Net Position and Statement of Activities are combined with the governmental fund financial statements. The District is viewed as a special-purpose government and has the option of combining these financial statements.

The Statement of Net Position is reported by adjusting the governmental fund types to report on the full accrual basis, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. Any amounts recorded due to and due from other funds are eliminated in the Statement of Net Position.

The Statement of Activities is reported by adjusting the governmental fund types to report only items related to current year revenues and expenditures. Items such as capital outlay are allocated over their estimated useful lives as depreciation expense. Internal activities between governmental funds, if any, are eliminated to obtain net total revenues and expenses of the government-wide Statement of Activities.

# NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 2024

#### NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Fund Financial Statements**

As discussed above, the District's fund financial statements are combined with the government-wide financial statements. The fund financial statements include a Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances.

#### Governmental Funds

The District has four governmental funds and considers each to be major.

<u>General Fund</u> - To account for resources not required to be accounted for in another fund, customer service revenues, costs and general expenditures.

<u>Special Revenue Fund Water Plant</u> – To account for financial resources collected and administered by the District for the operation of the joint water plants which is a joint venture of the District with Harris County Municipal Utility District No. 367.

<u>Special Revenue Fund Wastewater Treatment Plant</u> – To account for financial resources collected and administered by the District for the operation of the joint wastewater treatment plant which is a joint venture of the District with Harris County Municipal Utility District No. 367.

<u>Debt Service Fund</u> - To account for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes.

#### **Basis of Accounting**

The District uses the modified accrual basis of accounting for governmental fund types. The modified accrual basis of accounting recognizes revenues when both "measurable and available." Measurable means the amount can be determined. Available means collectable within the current year or soon enough thereafter to pay current liabilities. The District considers revenue reported in governmental funds to be available if they are collectable within 60 days after year end. Also, under the modified accrual basis of accounting, expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, which are recognized as expenditures when payment is due.

# NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 2024

#### NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Basis of Accounting (Continued)

Property taxes considered available by the District and included in revenue include taxes collected during the year and taxes collected after year-end, which were considered available to defray the expenditures of the current year. Deferred inflows of resources related to property tax revenues are those taxes which the District does not reasonably expect to be collected soon enough in the subsequent period to finance current expenditures.

Amounts transferred from one fund to another fund are reported as other financing sources or uses. Loans by one fund to another fund and amounts paid by one fund for another fund are reported as interfund receivables and payables in the Governmental Funds Balance Sheet if there is intent to repay the amount and if the debtor fund has the ability to repay the advance on a timely basis. See Note 15 for interfund receivables/payables as of March 31, 2024.

#### Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the government-wide Statement of Net Position. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their fair market value on the date donated. Repairs and maintenance are recorded as expenditures in the governmental fund incurred and as an expense in the government-wide Statement of Activities. Capital asset additions, improvements and preservation costs that extend the life of an asset are capitalized and depreciated over the estimated useful life of the asset. Engineering fees and certain other costs are capitalized as part of the asset.

Assets are capitalized, including infrastructure assets, if they have an original cost greater than \$10,000 and a useful life over two years. Depreciation is calculated on each class of depreciable property using the straight-line method of depreciation. Estimated useful lives are as follows:

	Years
Buildings	40
Water System	10-45
Wastewater System	10-45
Drainage System	10-45
All Other Equipment	3-20

# NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 2024

#### NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting (Continued)

#### **Budgeting**

An annual unappropriated budget is adopted for the General Fund and each Special Revenue Fund by the District's Board of Directors. The budget is prepared using the same method of accounting as for financial reporting. The original General Fund budget and respective Special Revenue Funds budgets for the current year were not amended. The Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual – General Fund and Special Revenue Funds present the original and revised budget amounts, if revised, compared to the actual amounts of revenues and expenditures for the current year.

#### Pensions

A pension plan has not been established. The District does not have employees, except that the Internal Revenue Service has determined that directors are considered to be "employees" for federal payroll tax purposes only.

#### Measurement Focus

Measurement focus is a term used to describe which transactions are recognized within the various financial statements. In the government-wide Statement of Net Position and Statement of Activities, the governmental activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position, financial position, and cash flows. All assets and liabilities associated with the activities are reported. Fund equity is classified as net position.

Governmental fund types are accounted for on a spending or financial flow measurement focus. Accordingly, only current assets and current liabilities are included on the Balance Sheet, and the reported fund balances provide an indication of available spendable or appropriable resources. Operating statements of governmental fund types report increases and decreases in available spendable resources. Fund balances in governmental funds using the following hierarchy:

*Nonspendable*: amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

*Restricted*: amounts that can be spent only for specific purposes because of constitutional provisions, or enabling legislation, or because of constraints that are imposed externally.

Committed: amounts that can be spent only for purposes determined by a formal action of the Board of Directors. The Board is the highest level of decision-making authority for the District. This action must be made no later than the end of the period. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board. The District does not have any committed fund balances.

# NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 2024

#### NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Measurement Focus (Continued)

Assigned: amounts that do not meet the criteria to be classified as restricted or committed, but that are intended to be used for specific purposes. The District has not adopted a formal policy regarding the assignment of fund balances. As of March 31, 2024, the District assigned \$1,398,980 of the General Fund fund balance to be used for future capital improvements.

Unassigned: all other spendable amounts in the General Fund.

When expenditures are incurred for which restricted, committed, assigned or unassigned fund balances are available, the District considers amounts to have been spent first out of restricted funds, then committed funds, then assigned funds, and finally unassigned funds.

#### **Accounting Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

#### NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 2024

#### **NOTE 3. LONG-TERM DEBT** (Continued)

The following is a summary of transactions regarding bonds payable for the year ended March 31, 2024:

		April 1, 2023		Additions	R	etirements		March 31, 2024
Bonds Payable Unamortized Discounts Unamortized Premiums Bonds Payable, Net	\$ \$	32,790,000 (53,916) 607,286 33,343,370	\$	-0-	\$ <u>\$</u>	2,150,000 (4,560) 70,132 2,215,572	\$ <u>\$</u>	30,640,000 (49,356) 537,154 31,127,798
			Amo	ount Due Wit ount Due Afte ds Payable, N	er One		\$	2,190,000 28,937,798 31,127,798

As of March 31, 2024, the District has authorized but unissued tax bonds of \$71,180,000 and authorized but unissued refunding bonds of \$24,235,000.

As of March 31, 2024, the debt service requirements on the bonds outstanding were as follows:

Fiscal Year	 Principal		Interest		Total
2025	\$ 2,190,000	\$	963,684	\$	3,153,684
2026	2,220,000		896,275		3,116,275
2027	2,260,000		826,240		3,086,240
2028	2,300,000		755,094		3,055,094
2029	2,350,000		682,637		3,032,637
2030-2034	10,180,000		2,314,727		12,494,727
2035-2039	7,285,000		887,588		8,172,588
2040-2041	 1,855,000		66,673		1,921,673
	\$ 30,640,000	\$	7,392,918	\$	38,032,918

The bonds are payable from the proceeds of an ad valorem tax levied upon all property subject to taxation within the District, without limitation as to rate or amount. During the year ended March 31, 2024, the District levied an ad valorem debt service tax rate of \$0.32 per \$100 of assessed valuation, which resulted in a tax levy of \$2,956,873 on the adjusted taxable valuation of \$924,022,752 for the 2023 tax year. The bond resolutions require the District to levy and collect an ad valorem debt service tax sufficient to pay interest and principal on bonds when due and the cost of assessing and collecting taxes. See Note 7 for the maintenance tax levy.

#### NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 2024

#### **NOTE 3. LONG-TERM DEBT** (Continued)

All property values and exempt status, if any, are determined by the appraisal district. Assessed values are determined as of January 1 of each year, at which time a tax lien attaches to the related property. Taxes are levied around October/November, are due upon receipt and are delinquent the following February 1. Penalty and interest attach thereafter.

#### NOTE 4. SIGNIFICANT BOND RESOLUTION AND LEGAL REQUIREMENTS

The bond resolutions state that the District is required by the Securities and Exchange Commission to provide continuing disclosure of certain general financial information and operating data with respect to the District to the state information depository. This information, along with the audited annual financial statements, is to be provided within six months after the end of each fiscal year and shall continue to be provided through the life of the bonds.

The bond resolutions state that the District has covenanted that it will take all necessary steps to comply with the requirement that rebatable arbitrage earnings on the investment of the gross proceeds of the bonds, within the meaning of Section 148(f) of the Internal Revenue Code, be rebated to the federal government. The minimum requirement for determination of the rebatable amount is on the five year anniversary of each issue.

#### NOTE 5. DEPOSITS AND INVESTMENTS

#### **Deposits**

Custodial credit risk is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The District's deposit policy for custodial credit risk requires compliance with the provisions of Texas statutes.

Texas statutes require that any cash balance in any fund shall, to the extent not insured by the Federal Deposit Insurance Corporation or its successor, be continuously secured by a valid pledge to the District of securities eligible under the laws of Texas to secure the funds of the District, having an aggregate market value, including accrued interest, at all times equal to the uninsured cash balance in the fund to which such securities are pledged. At year end, the carrying amount of the District's deposits was \$1,514,159 and the bank balance was \$1,784,507. The District was not exposed to custodial credit risk at year-end.

#### NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 2024

#### **NOTE 5. DEPOSITS AND INVESTMENTS** (Continued)

<u>Deposits</u> (Continued)

The carrying values of the deposits are included in the Governmental Funds Balance Sheet and the Statement of Net Position at March 31, 2024, as listed below:

		Ce	ertificates	
	Cash	0	f Deposit	 Total
GENERAL FUND	\$ 401,507	\$	470,000	\$ 871,507
SPECIAL REVENUE FUNDS	314,261			314,261
DEBT SERVICE FUND	 328,391			 328,391
TOTAL DEPOSITS	\$ 1,044,159	\$	470,000	\$ 1,514,159

#### <u>Investments</u>

Under Texas law, the District is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity and that address investment diversification, yield, maturity, and the quality and capability of investment management, and all District funds must be invested in accordance with the following investment objectives: understanding the suitability of the investment to the District's financial requirements, first; preservation and safety of principal, second; liquidity, third; marketability of the investments if the need arises to liquidate the investment before maturity, fourth; diversification of the investment portfolio, fifth; and yield, sixth. The District's investments must be made "with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived." No person may invest District funds without express written authority from the Board of Directors.

Texas statutes include specifications for and limitations applicable to the District and its authority to purchase investments as defined in the Public Funds Investment Act. The District has adopted a written investment policy to establish the guidelines by which it may invest. This policy is reviewed annually. The District's investment policy may be more restrictive than the Public Funds Investment Act.

#### NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 2024

#### **NOTE 5. DEPOSITS AND INVESTMENTS** (Continued)

<u>Investments</u> (Continued)

The District invests in Texas Cooperative Liquid Assets Securities System Trust ("Texas CLASS"), an external public funds investment pool that is not SEC-registered. Public Trust Advisors, LLC serves as the pool's administrator and investment advisor. The pool is subject to the general supervision of the Board of Trustees and its Advisory Board. UMB Bank, N.A. serves as custodian for the pool. Investments held by Texas CLASS are priced to market on a weekly basis. The investments are considered to be Level I investments because their fair value is measured by quoted prices in active markets. The fair value of the District's position in the pool is the same as the value of the pool shares. There are no limitations or restrictions on withdrawals from Texas CLASS.

The District records its investments in certificates of deposit at acquisition cost.

As of March 31, 2024, the District had the following investments and maturities:

Fund and Investment Type	Fair Value	Maturities of Less Than 1 Year
GENERAL FUND Texas CLASS Certificates of Deposit	\$ 10,191,732 470,000	\$ 10,191,732 470,000
DEBT SERVICE FUND Texas CLASS	3,645,932	3,645,932
TOTAL INVESTMENTS	\$ 14,307,664	\$ 14,307,664

Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. At March 31, 2024, the District's investments in Texas CLASS was rated "AAAm" by Standard & Poor's. The District also manages credit risk by typically investing in certificates of deposit with balances below FDIC coverage.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District considers the investment in Texas CLASS to have a maturity of less than one year due to the fact the share position can usually be redeemed each day at the discretion of the District, unless there has been a significant change in value. The District also manages interest rate risk by investing in certificates of deposit with maturities of less than one year.

#### NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 2024

#### NOTE 5. **DEPOSITS AND INVESTMENTS** (Continued)

#### Restrictions

All cash and investments of the Special Revenue Funds are restricted for the water plant and wastewater treatment plant operations. All cash and investments of the Debt Service Fund are restricted for the payment of debt service and the cost of assessing and collecting taxes.

#### NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 2024

#### NOTE 7. MAINTENANCE TAX

On May 4, 2002, the voters of the District approved the levy and collection of a maintenance tax not to exceed \$1.20 per \$100 of assessed valuation of taxable property within the District. During the year ending March 31, 2024, the District levied an ad valorem maintenance tax rate of \$0.24475 per \$100 of assessed valuation, which resulted in a tax levy of \$2,261,546 on the adjusted taxable valuation of \$924,022,752 for the 2023 tax year. This maintenance tax is to be used by the General Fund to pay expenditures of operating the District's waterworks and sanitary sewer system.

#### NOTE 8. WATER SUPPLY AGREEMENT

Effective July 10, 2002, the District and Harris County Municipal Utility District No. 367 ("District No. 367") agreed to combine the District's and District No. 367's water systems to become an integrated water system. Effective October 9, 2007, the First Amendment to this agreement was entered into. Effective April 8, 2015, the Second Amendment to this agreement was entered into. The District owns 54.51% of the capacity in water plant nos. 1, 2 and 3. District No. 367 owns the remaining 45.49%. The District performs the accounting for the integrated system and is responsible for operating the water plants. Each District is billed based upon their proportionate share of the prior month's usage of water. The districts have an operating reserve of \$734,217 with the District funding \$343,979 and District No. 367 funding \$390,238 of the reserve. During the current fiscal year, the District recorded an expenditure of \$2,173,907 in accordance with this agreement. During the current fiscal year, the District approved the construction of water well no. 3 and awarded a contract for \$5,338,200. The District's share of construction costs will be \$2,909,853.

#### NOTE 9. REGIONAL SEWAGE TREATMENT PLANT AGREEMENT

Effective May 8, 2002, the District and District No. 367 entered into a regional sewage treatment plant agreement. Effective April 8, 2015, the First Amendment to this agreement was entered into. Wastewater treatment is currently provided by a 1,500,000 gallon per day ("gpd") wastewater treatment plant that is jointly owned by the District and District No. 367. Currently, the District owns 61.75% of the capacity in the plant and District No. 367 owns 38.25% of the capacity in the plant. The District is responsible for operating the plant.

The participating districts have been required to fund an operating reserve with the District. As of March 31, 2024, the reserve is \$202,640, with the District's share being \$90,825 and District No. 367's share being \$111,815. The operating costs are shared based on the proportionate share of sewer connections of each district. During the current year, the District recorded an expenditure of \$325,657 in accordance with this agreement.

#### NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 2024

#### NOTE 10. NORTH HARRIS COUNTY REGIONAL WATER AUTHORITY

The District is located within the boundaries of the North Harris County Regional Water Authority (the "Authority"). The Authority was created under Article 16, Section 59 of the Texas Constitution by House Bill 2965 (the "Act"), as passed by the Seventy-Fifth Texas Legislature, in 1999. The Act empowers the Authority to provide for the conservation, preservation, protection, recharge and prevention of waste of groundwater, and for the reduction of groundwater withdrawals. The Authority has entered into a contract for purchase of surface water from the City of Houston, Texas to assure that its participants comply with the Harris-Galveston Subsidence District ("HGSD") pumpage requirements, which mandate that districts within HGSD boundaries, including the District, convert a percentage of their water use to surface water over a period of time. A five-member board of directors governs the Authority. The directors serve staggered four-year terms.

The Authority currently charges a fee, based on the amount of water pumped from a well, to the owners of wells located within the boundaries of the Authority, unless exempted, of \$3.60 per 1,000 gallons of water pumped from each well. This fee enables the Authority to fulfill its purpose and regulatory functions. During the current fiscal year, the Joint Water Plants recorded expenditures of \$716,828 related to these fees.

On August 6, 2008, the District approved the Groundwater Transfer Agreement-Buyer with the Authority. In accordance with the agreement, the District elected to participate in the groundwater transfer program of the Authority, under the Regulations for Buy/Sell Agreement for Implementation of the Groundwater Transfer Program adopted by the Authority on September 8, 2003, as amended, and agreed to assume all rights and obligations of a buyer. The Authority agreed to the District electing the buyer status.

On March 15, 2010, the District and District No. 367 entered into a Water Supply Agreement (the "Agreement") with the Authority in order for the districts to maintain compliance with the Commission's requirements related to the districts' minimum water supply capacity. This Agreement replaced the August 18, 2008, Groundwater Transfer Agreement-Buyer with the Authority. In accordance with the Agreement, the Authority agrees to sell and deliver to the districts a volume of the Authority's water between 0.75 and 2.0 million gallons per day. The term of the Agreement shall end on January 1, 2040.

On November 7, 2011, the District and District No. 367 entered into an Interlocal Agreement Regarding the Delivery of Authority Water to Harris County Municipal Utility District Nos. 367 and 383 with the Authority (the "Interlocal Agreement") for the purpose of establishing the Authority as the provider of water to the districts' joint water plant no. 3 (which came online in October 2013). In accordance with the Interlocal Agreement, the Authority agrees to sell and deliver to the districts up to 0.7 million gallons of water average daily flow and up to 1.2 million gallons during peak day flow, at a rate not to exceed 90,000 gallons per hour. The term of the Interlocal Agreement shall end on November 6, 2051 unless renewed by mutual consent of the parties.

#### NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 2024

### NOTE 10. NORTH HARRIS COUNTY REGIONAL WATER AUTHORITY (Continued)

The current fee under the Agreement and the Interlocal Agreement is \$4.05 per 1,000 gallons of water delivered. During the current fiscal year, the Joint Water Plants recorded expenditures of \$2,539,138 related to the Agreement and the Interlocal Agreement.

On November 4, 2019, the District and Gleannloch Pines, LTD ("the Golf Club") entered into an Alternative Water Use Incentive Agreement with the Authority. Under the terms of the Agreement, the Golf Club may pump a combination of groundwater, effluent for reuse and captured rainwater from its storage pond for the purpose of irrigating its golf course. The District expended \$2,803,484 for construction and engineering for an effluent reuse system. The Agreement calls on the Authority to reimburse 10%, or \$280,348, through alternative water use credits within 30 days of the effective date of the Agreement. On a monthly basis, alternative water use credits shall be issued at the rate equal to one-half of the rate then being charged by the Authority for water pumped from a non-exempt well. The maximum alternative water credits shall not exceed the capital costs of \$2,803,484. The Agreement shall be in force for 20 years from the effective date. During the current fiscal year, the Joint Water Plants recorded water reuse credits of \$187,843.

#### NOTE 11. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets, error and omission and natural disasters for which the District carries commercial insurance. There have been no significant reductions in coverage and no settlements have exceeded coverage in the past three years.

#### NOTE 12. EMERGENCY WATER SUPPLY CONTRACT

On September 15, 1997, District No. 367 executed an Emergency Water Supply Contract with Harris County Water Control and Improvement District No. 119 (District No. 119). The agreement provides for water to be supplied on an emergency basis for up to thirty (30) days. An emergency is defined as a situation whereby a participant would lose 50% or more of the individual District's productive capacity. District No. 367 was responsible for the construction cost of the interconnect. The cost of water to both parties is \$0.85 per 1,000 gallons of "average daily usage"; the contract spells out the definition of average daily usage. This agreement was amended May 10, 2000, to include a provision for allocating the costs incurred as a result of the fees being paid to the newly formed regional water authority. The term of the contract is 40 years.

#### NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 2024

#### NOTE 12. EMERGENCY WATER SUPPLY CONTRACT (Continued)

On October 15, 2007, the Second Amendment to Emergency Water Supply Contract was entered into. In accordance with the amendment, the District was added as a party to the contract. The amended agreement called for the District and District No. 367 to design and install a new two-way flow meter at the point of interconnect. On April 14, 2008, the Third Amendment to Emergency Water Supply Contract was approved. District No. 119 agreed to supply water to the District and District No. 367 on an interim basis until such time as the waterline connecting to the Authority's water facilities to water plant no. 1 was completed and declared operational, thus defining the interim period. The interim period has passed and the District is now receiving surface water from the Authority, as further described in Note 10.

#### NOTE 13. MASTER COST SHARING AGREEMENT

On May 13, 2008, and as amended on August 11, 2009, May 9, 2012, December 11, 2013, June 14, 2017, November 14, 2018, May 8, 2019, January 13, 2021, and February 8, 2023, the District entered into the Master Cost Sharing Agreement with District No. 367. This agreement was entered into to consolidate a series of prior cost sharing agreements between the districts into one formalized agreement. The costs for all joint facilities will now be shared based on the allocations outlined in this agreement except for the water plants and the wastewater treatment plant. See Notes 8 and 9.

#### NOTE 14. STRATEGIC PARTNERSHIP AGREEMENT

On December 12, 2008, the District entered into a Strategic Partnership Agreement with the City of Houston, Texas. The agreement provides that in accordance with Subchapter F of Chapter 43 of the Local Government Code and the Act, the City shall annex a tract or tracts of land for the limited purposes of applying the City's Planning, Zoning, Health, and Safety Ordinances within the Tract within the boundaries of the District. The District will continue to develop, own, operate, and maintain a water, wastewater, and drainage system in the District.

All taxable property within the District shall not be liable for any present or future debts of the City, and current and future taxes levied by the City shall not be levied on taxable property within the District. The District retains all rights to assess and levy ad valorem taxes on taxable property within the Tract. Upon the limited purpose annexation of the Tract, the City's municipal courts shall have jurisdiction to adjudicate criminal cases filed under the Planning, Zoning, Health and Safety Ordinances and State laws. Provisions of the Regulatory Plan adopted by the City will be applicable to the District and the Tract of land within the District. The District's assets, liabilities, indebtedness, and obligations will remain the responsibility of the District during the period of this agreement.

#### NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 2024

#### NOTE 14. STRATEGIC PARTNERSHIP AGREEMENT (Continued)

After the Tract is annexed for limited purposes by the City, the qualified voters of the Tract may vote in City elections pursuant to Local Government Code. The City is responsible for notifying the voters within the Tract.

The City shall impose a Sales and Use Tax within the boundaries of the Tract upon the limited-purpose annexation of the Tract. The Sales and Use Tax shall be imposed on the receipts from the sale and use at retail of taxable items at the rate of one percent or the rate specified under the future amendments to Chapter 321 of the Tax Code. The City agreed to pay to the District an amount equal to one-half of all Sales and Use Tax revenues generated within the boundaries of the Tract. The City agreed to deliver to the District its share of the sales tax receipts with 30 days of the City receiving the funds from the State Comptroller's office.

The City agrees that it will not annex the District for full purposes or commence any action to annex the District for full purposes during the term of this Agreement. The term of this Agreement is 30 years from the effective date of the Agreement. During the current fiscal year, the District recorded \$167,972 in sales tax revenue, of which \$42,396 was recorded as a receivable.

#### NOTE 15. INTERFUND RECEIVABLES/PAYABLES

As of March 31, 2024, the District had the following interfund liabilities: the Debt Service Fund owed the General Fund \$119,500 for maintenance tax collections and the General Fund owed the Special Revenue Funds \$684,404 for the water and wastewater treatment plant operating costs.

#### NOTE 16. INTERLOCAL AGREEMENT

On March 27, 2018, the District entered into an interlocal agreement with District No. 367 and Harris County. The agreement outlines how the districts and the County will share in the costs to upgrade Gleannloch Forest Drive between approximately 1,400 feet south of SH 99 and SH 99, to a 4-lane, concrete boulevard. The project is complete. The districts shared in the costs of the project. The County advance funded the project costs. The District paid the County for its share of the related project costs funded by the County, contributing \$191,561 towards this project.

#### NOTE 17. SUBSEQUENT EVENT – PENDING BOND SALE

On June 27, 2024, subsequent to year end, the District submitted an application to the Commission asking for approval to issue \$3,830,000 of bonds. The Commission declared the application administratively complete on July 9, 2024. The District expects to close on the sale of these bonds before the end of the 2024 calendar year.

#### Notes:

No Director has any business or family relationships (as defined by the Texas Water Code) with major landowners in the District, with the District's developers or with any of the District's consultants.

Submission date of most recent District Registration Form: December 7, 2023

The limit on Fees of Office that a Director may receive during a fiscal year is approved to the maximum extent allowed by the law as set by Board Resolution on June 18, 2023. Fees of Office are the amounts actually paid to a Director during the District's current fiscal year.
